THE PROBLEM

A massive gap *with no daily solution.*

The digital mental health market is growing double-digits annually. But nearly all investment goes to online therapy — ignoring the 99% of time people spend outside sessions, with no support.

$600B global mental health market by 2030 — Grand View Research, 2023	**167h** per week without support between sessions — 168h − 1h weekly session

THE SOLUTION

Lumi comes to you. *It doesn't wait for you.*

- **Zero-friction channel** — WhatsApp and Telegram. No app, no signup, no learning curve.
- **Cumulative memory** — AI that remembers you across weeks and months. Value grows with every conversation.
- **3 daily touchpoints** — Morning nudge, noon check-in, reflective evening closure.
- **Crisis protocol** — Two-layer detection + verified professional referral directory.
- **Family Plan** — Caregiver alerts + voice mode for the elderly. The family member pays.
